Benefits of using the 3H Flame Polishing Kit:

- ▶ Flame yields the highest quality professional finish available
- ▶ Reduces time and cost of polishing
- ▶ Creates flawless edges
- ▶ Produces clear surfaces
- ▶ Reduces contaminants or discoloration
- ▶ Compatible with a variety of additional tips

Applications:

- ✓ Clear acrylic plastics (best performance with Extruded)
- ✓ Colored acrylic plastics

The model 3HFK Hydrogen/Oxygen Flame Polishing Kit has everything you need to get started. The Kit includes the 3H torch, RB-0 and RB-2 polishing tips, the 2500.540 oxygen regulator, the 2500.350 hydrogen regulator, the FA-30P flash back arrestors and the CT-12-3AB hose kit. The 3HFK kit will reduce the time and cost of polishing acrylic after machining operations.

Entire Kit on Sale for \$450.00 - Includes Ground Shipping

(Save over 10% when you purchase the entire kit!)

We offer the complete ready to use acrylic flame polishing kit, or a build it yourself option so you can purchase only the parts you need.

The National Model 3H hydrogen and oxygen torch can also be used with a variety of additional tips to polish edges up to 6 in. wide or through holes. Check out our tips and accessories page for more products to help with your acrylic flame polishing projects. Our acrylic flame polishing kit is a must have for the quality oriented craftsman.
